**Subject:** Agency and Company Contact(s)

Howard, Lem-

As the State initiates its work I want to ensure that our staff have the appropriate contacts with your Agency and Company in each of the areas of work - well bore integrity, pits, domestic water wells. We will be reaching out to your organizations for additional information and independent expert(s) recommendations. If you could send me names and contact information for these individuals it would be greatly appreciated. I will ensure that the information is properly distributed to the DEQ and WOGCC.

We are preparing to announce a public meeting in the near future - to be held no more than 60 days from last Thursday's announcement. We will be in contact with additional information on how we intend to organize and advance public meetings into the future. You can expect something similar to the Pavillion Working Group.

That's all I have for now. Appreciate your time.

Jerimiah
